Persia 435 – Vintage Grey , Multi in pure silkette

The Bold & The Beautiful

The newest rugs to join our Modern Art collection are Amalfi 79, Amalfi 80, & Persia 435. These modern abstract designs are hand-knotted in a dimensional texture with high-energy explosions of color. They are woven with the traditional Tibetan weaving technique, using the highest quality Silkette fibers. During the finishing process, they have been hand-carved to impart special high-low textural effects.
